Mayor Coleman,

I am writing to you today to express DRAC board support of the formation of the Livingston Avenue Area Commission. Our board of trustees voted unanimously to support this effort.

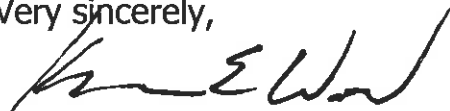

Naming the commission for Livingston Avenue is a terrific idea as that thoroughfare serves to unify the communities of Driving Park, Hanford Village, Livingston Park and Old Oaks.

I know that the Task Force has worked very diligently over the past ten months collecting signatures, meeting with neighbors, community leaders and every member of City Council. It is our understanding that the Task Force has followed the 3109 Area Commission creation process to the letter and we support their advocacy for the Livingston Avenue community.

Driving Park has enjoyed the benefits of the commission process for thirty years and we feel that the communities of Hanford village, Livingston Park and Old Oaks deserve to be a part of that process as well.

It is with great enthusiasm that DRAC encourages your office to go forward with all due speed in the creation of the Livingston Avenue Area Commission.

Very sincerely,

Kevin E. Wood, President  
DRAC
